Is a lion afraid of a cock?

Medieval wisecracks used to wag their heads and tell tales like this in the village marketplace.

An amusing superstition, of course, but is it any more absurd than the belief that there is something mysteriously "better" about eastern motor oils just because they cost more and come from eastern crudes? Professional drivers and economy-run experts out after records don't share this superstition—why should you pay tribute?

Zerolene—the choice of Western Motorists

Zerolene lubricates more cars in the Pacific Coast states than any other oil made—a better oil if it does cost less. Zerolene increases the gasoline mileage, reduces the carbon removal and maintenance costs and lengthens the life of any car in which it is used.

Zerolene checked fifteen times for quality

As a matter of fact the best crude so far discovered for the manufacture of motor lubricants is obtained on the Pacific Coast. And the most highly developed refining process is the high-vacuum process, the patents on which are held by this Company. And 15 positive checks on Zerolene at the refinery make quality control absolute.

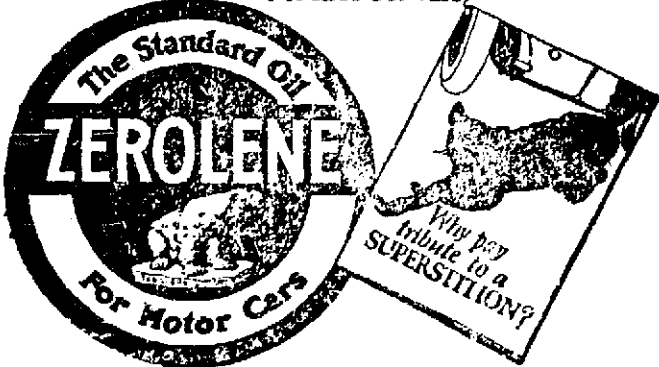

Why pay tribute to superstition when you want the best oil you can get? Insist on Zerolene—ask for it by name.

Get the Facts!

A series of independent and impartial reports showing the experience of large users with Zerolene has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company representative or Zerolene dealer for a copy.

Insist on ZEROLENE even if it does COST LESS

Early Days in Covina

TEN YEARS AGO

Late Thursday afternoon a serious fire broke out in the hills south of Covina, in the rear of the great Kleinmeyer ranch of 1340 acres, managed by J. J. Fitzgerald and stocked with blooded coach horses and breeding Percheron mares. Fitzgerald phoned to Covina and soon had a large force of men on the way to the fire in a big truck. Fast work at the crown of one of the hills quelled it, after about 200 acres had been swept.

The wedding of Miss Etta Stauffer, daughter of Mrs. Isabel Stauffer of San Bernardino road to Robert Nesbitt of Goldfield, Nevada, occurred at the bride's home on Wednesday evening, the ceremony being performed by Rev. C. A. Foreman of the Presbyterian church. Mr. and Mrs. Nesbitt will go to housekeeping in Goldfield after a trip to the beach.

Mr. and Mrs. C. A. Leighton and family leave Monday for a two weeks' trip through the Ojai valley and the Casitas Pass to Santa Barbara, stopping at other places en route.

Mr. and Mrs. J. E. Ricketts left for their home in St. Paul, Minnesota, after having spent a year in Covina. Mrs. Ricketts is the sister of the late Mrs. Aaron L. Chamberlain and cared for the venerable woman in her last sickness.

The Ukulele club met Wednesday evening with Mr. and Mrs. Otto Craig.

Lady Campbell of London, England, is visiting Miss Mabel Hastings.

TWENTY-FIVE YEARS AGO

Wednesday evening Miss Elizabeth Matthews entertained at the rectory a number of the young society set at progressive buttons. Among those present were Misses Hilda Wilkins, Lillie Harris, Lucy Conner, Lora Reece, Dema Reece, Vyvienne Faulder and Florence Parker, and Messrs. Carrier, Ware, Stockwell, Cline, Lyman, Danciel, Parker, Brunjes, Hutchinson, Higgins and Lough.

U. S. Glover gives notice that he is prepared to deliver fresh well water throughout the valley daily at the nominal charge of \$1.00 per month for five gallons delivered daily.

The Rev. Mr. French, who recently purchased the I. N. Stretch place on Azusa avenue, has invested in another grove of 18 acres, the R. W. Dawson place, situated between Covina and Glendora. He has engaged W. P. Pollard to take charge of the Dawson place.

Saturday evening last a merry party of young people left Covina in a large dray, drawn by four mules, with Otis Dudderar as driver, headed for San Gabriel canyon, intent on having a good time.

Tomatoes in this locality appear to be a partial failure this summer. The vines appear to be blighted.

Mrs. J. D. Reed and son Tom and Miss May Caldwell spent several days this week at Santa Monica.

Mrs. E. P. Warner was in attendance at the Chautauqua at Long Beach this week.

Miss Ilie Stanton spent Sunday and Monday at Long Beach.

Infantile Paralysis Status Not Alarming

Infantile paralysis is occurring with considerable frequency in various parts of Southern California and in scattered parts of the state in general. There does not appear to be any definite focus of infection; consequently, there is no reason to avoid any particular locality or to leave your home. Every known means of preventing the spread of disease is being adopted and we urge people to continue their ordinary routine, but submit the following simple suggestions in order to avoid danger:

(1) Keep your children of all ages out of public places and public gatherings unless they are under careful supervision.

(2) Keep your children outdoors as much as possible, but do not permit them to run at large.

(3) Under no circumstance allow visiting with children who are ill, no matter what the reason is; and by all means, call a physician at once if your child is sick with an acute illness.

(4) All known cases are placed in quarantine and are visited regularly by a physician from the health department, to instruct the family in the proper means of preventing the spread of the disease. Serum is furnished free to physicians by the county health office for such persons as are unable to pay for the same.

(5) The total number of cases reported to the county health department during the past three months and part of July are as follows, in the rural territory of Los Angeles county: April, 2 cases; May, 4; June, 10; and July, 13. Total 29.

During the past four months the following cases have occurred in cities under our control: Alhambra, 4; San Gabriel, 1; Monrovia, 3; Pomona, 2; Glendora, 1; Compton, 1; and Redondo, 1. Total, 13. It can be seen from these figures that the situation is not alarming and this statement is issued with the purpose of reassuring the public in general concerning the situation.

Remember that the disease is spread mainly by contact with a person who is ill, and the main thing is to avoid such contact.

J. L. POMEROY, M. D.
County Health Officer.

PACIFIC COLONY SITE IS TO BE SOLD BY THE STATE

The Pacific Colony site, just over the San Jose hills from Covina, is about to be sold by the state. It consists of 800 acres of fertile agricultural land. The Pomona chamber of commerce has fought for the retention of this tract by the state, on the ground that it was an excellent site for an agricultural college and also that the valuation would increase within a few years.

The new home for delinquent boys is under way a short distance west of the Pacific Colony, joining the Diamond Bar ranch, on a 200 acre tract on the south side of the Pomona boulevard.

We Must Work Together

EVERY thoughtful citizen of this community is interested in its development and progress. There's no question about that! We all want our children to enjoy better homes, better schools, better parks — more agreeable surroundings and greater comforts.

We all want our town to keep step with its neighbors, to take the lead in civic affairs. So there is only one sound plan for us to follow:

We must work together to increase the wealth of this community by doing everything we can to encourage local business.

When you and your family patronize our advertisers — the stores and banks of our town — and keep your money in circulation right here at home, there is no power on earth that can prevent our progress.

FUMIGATION

for Results in Citrus Scale Control

Fumigation has earned its place as the most dependable method of citrus scale control. It has stood the test of time and experience. The results obtained have justified the use of this method. Identically the same tests have been applied to OWL products and service. AERO BRAND HYDRO-CYANIC ACID is the recognized standard. It is a uniform, full-strength product. The OWL pump (Jackson High Pressure Pump) has set a new standard of accuracy, dependability and ease of handling. It delivers an accurate charge of gas under the tent. Waste and danger from overspray and nozzle drip have been eliminated. The extreme force resulting from the down-thrust of the lever insures perfect atomization of the liquid under the tent. OWL service compares in every way with the high standard of OWL products. Insist on these products and service when your grove is fumigated.

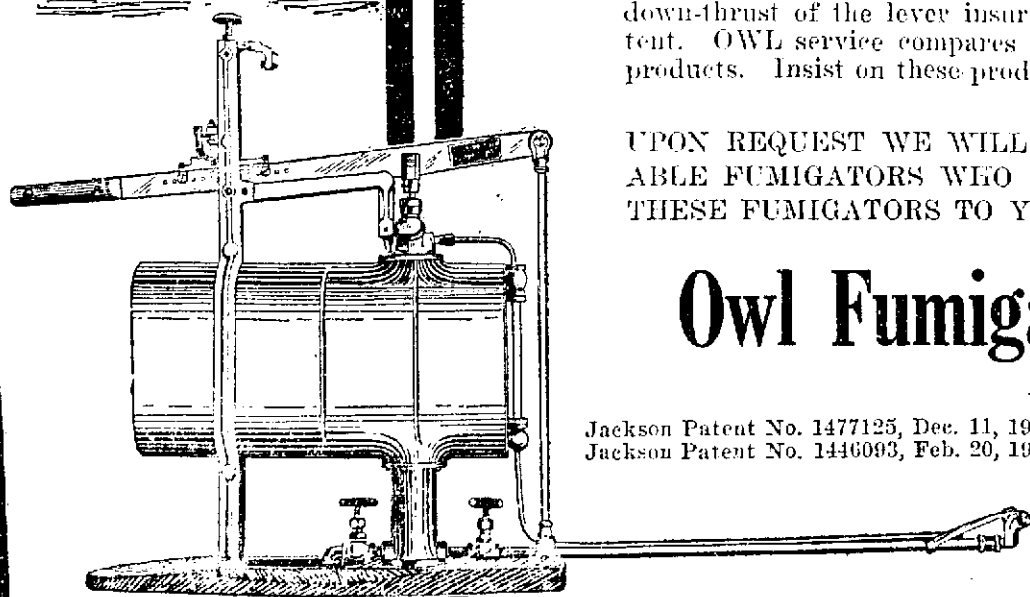

UPON REQUEST WE WILL GLADLY FURNISH NAMES OF DEPENDABLE FUMIGATORS WHO USE OWL PRODUCTS. WE RECOMMEND THESE FUMIGATORS TO YOU.

FORMER CARROLL COUNTY RESIDENTS PICNIC IN PARK

The Carroll county picnic held at the city park last Sunday was attended by one hundred or more residents and their families. This was the first midsummer get-together held, and while not so large an attendance as the annual affair, was a pleasing one.

Quite a number of Covina residents, many of whom have figured in the early pioneer days, are from Carroll county. The Houser family came in the early eighties, over the plains in their wagons, with thrilling encounters with the Indians enroute. Mr. and Mrs. Samuel Overholtzer, reached Covina in 1887, having when they moved to California exchanged their horses in Kansas for oxen. With them were William and his sister Emma (Mrs. Scholtz of Fresno) and Michael, who was born during a month's stopover in Nevada. The Overholtzers settled on eighty acres of the Phillips tract, which had just been subdivided, now the property of B. L. King, Thomas Traweck and others.

The following were present at the picnic: Stoughton Cooley and Miss Norma Cooley, Mr. and Mrs. C. Lang, Mr. and Mrs. William Haas, Mr. and Mrs. George Tallman and son, Mr. and Mrs. Hartie Tallman and daughter, Jacob Deitrick, of Los Angeles; Mr. and Mrs. George Dresback, Huntington Park; Mr. and Mrs. David Roland, Mrs. L. L. Todd, Mrs. Leroy Todd, Pasadena; Mr. and Mrs. Walter Dunger and family, Strathmore, California; Mrs. Emma Kellogg, Eugene, Oregon; Mr. and Mrs. James Sutton, Long Beach; Mrs. Mae Jourdain, Mrs. Emma Dubbell, Mr. and Mrs. Brown, Mr. and Mrs. E. H. Hawk and son, Santa Monica; Mr. and Mrs. Will Ohara and family, Mr. and Mrs. Frank Kenyon, Mr. and Mrs. James Nohm, Mr. and Mrs. Wm. Muley, Mr. and Mrs. John Muley, Pomona; Mr. and Mrs. Will White, Glendora; Mr. and Mrs. F. G. Edwards, Mt. Carroll, Illinois; Mr. and Mrs. L. B. Fowler and family, Hollywood; Mr. and Mrs. Lloyd Harnish, Mrs. Mary King, Mr. and Mrs. J. W. Fox, La Verne; Mr. and Mrs. H. Brown, Monterey Park; Mrs. R. E. Craig, Wilmar; Mr. and Mrs. Henry Harnish, Mr. and Mrs. A. E. Harnish, Earl Harnish, Mrs. Bertha Little and family, Mrs. Isabelle Puterbaugh, Mr. and Mrs. Geo. Jenks, Mr. and Mrs. J. H. Rohrer, Misses Lizzie and Adda Rohrer, Jesse Moore, Mr. and Mrs. Chas. Miller, Mr. and Mrs. John Wolfe and family, Mr. and Mrs. J. W. Keefer, Mr. and Mrs. Fred Carpenter, Mr. and Mrs. J. O. Houser, Covina; A. Bellows, H. M. Heth, Verne Heth, Mr. and Mrs. H. J. Robinson, Mr. and Mrs. William Heth, Azusa.

George Tallman is president, S. Cooley, vice-president, William Haas, secretary and W. W. Heth of Azusa, treasurer. The note added to the roster read: "Weather great! roads great! picnic great!"

LOCAL PHOTOGRAPHER GETS ALBUM OF ENGRAVURES

C. W. Tucker, of Tucker's studio, has received a most interesting work of art in the way of an album of engravures, reproductions from forty-eight original pictures hung in the nineteenth international salon of photography last October, by leading photographers of the world. Mr. Tucker invites anyone interested in art to call at the studio and look over the album.

Mrs. W. A. Blacasser of Paulina, Iowa, an aunt of Dr. W. P. Magan, who is visiting relatives in Los Angeles, was a guest on Thursday of Dr. and Mrs. Magan. On Friday she went to La Jolla with Dr. S. S. Magan to spend the week-end with the S. S. Magan family there.

Mr. and Mrs. George Kerechhoff have returned from ten days outing at Big Bear lake and have been spending several days the latter part of the week as guests of Mr. and Mrs. Frank Crook at Balboa.

Mr. and Mrs. George Semler, son and daughter, are on a motor trip to Iowa. Bennett Haralson and bride (formerly Miss Louise Odiorne of Long Beach) are occupying the Semler home during the summer vacation, Mr. Haralson being athletic coach at the Kern county union high school.

You have wrecked your automobile! You can get new parts far below cost from the Monrovia Auto Wreckers, 318 South Myrtle Ave., Monrovia.

I. Worth Everett, Trask Gant, Grant Chapman, and J. T. Schaezel left Wednesday afternoon for the Alamo mountains in Ventura county, to be on the ground for the opening of the deer season, August 1st. These men are all veteran sportsmen and undoubtedly will have several bucks to their credit before returning.

Mr. Alex Duigood and daughter, Mrs. Charles Hendricks of El Paso arrived Tuesday evening, called by the serious illness of Mr. Duigood's daughter, Mrs. Harry Goode. Mrs. Duigood has been with her daughter for sometime, and another sister, Miss Hazel Duigood, who was spending her vacation in Yosemite, returned to Covina last Saturday night. Mrs. Goode's condition is causing her relatives and friends grave anxiety.

LOS ANGELES COUNTY A LEADER IN FRUIT ACREAGE

A little arithmetic on the part of the farm advisor's office recently revealed the fact that Los Angeles county boasts one-tenth of the total California acreage of fruits and nuts, with over 98,000 acres. Conspicuous among the various fruits is the walnut, over 27,000 acres of which are grown in Los Angeles county, approximately one-fifth of the state's walnut acreage of the state. Over 40,000 acres of oranges represent ap-

proportionately one-fourth of the state's acreage devoted to that fruit. Although Los Angeles county has always had a substantial acreage of deciduous fruits, some decline in peaches and apricots is apparent, due to subdivision activities. New plantings are comparatively small. However, there is a surprise in store for those who failed to reckon with a very substantial portion of this county's agriculture, the Antelope valley. Because of the success and popularity of the Bartlett pear in that district, the state's statistician credits Los Angeles county in 1924 with 4,402 bearing acres and 1,232 non-bearing acres of pears, which does not include 1924-1925 plantings. This places the county in second place among the counties of the state in acreage of pears, exceeded only by Sacramento county. Lake county, with non-bearing acreage of pears exceeding in bearing acreage by approximately 40 per cent, threatens to crowd this county into third place during the next few years.

Mrs. Alice Wood, Mrs. Emma Bushling and Mr. Percy Bushling of Los Angeles were house guests a few days this week of Mr. and Mrs. Bert Heffner. Mr. and Mrs. Merle Edwards and family and Mr. and Mrs. W. H. Brandon and family motored to Balboa on Sunday. They were guests at the Masonic Home camp.

Why the One-Profit* Coach Excels

—it is engineered and built complete by one organization—Studebaker. It is a perfectly co-ordinated, harmonious unit. This means better performance, greater comfort and increased mileage at an accepted coach price

AN AUTOMOBILE, like any other highly specialized machine, runs more smoothly—lasts longer—gives greater satisfaction—when its thousands of elements are carefully co-ordinated into one harmonious unit.

Obviously, a better car can be produced when all vital parts are designed, engineered and manufactured by one organization.

The Studebaker car is built on this "one-profit" principle. Not only all the engines, but also all the bodies, and all the axles, gear sets, differentials, springs, clutches, steering gears, gray iron castings and drop forgings are manufactured in Studebaker plants. This is not true of any other automobile in the fine car field.

The Studebaker, therefore, being built as a unit—functions as a unit—with all of the advantages of unit over assembled construction.

"Coach" in name—Coupe in quality

The Studebaker Special Six Coach is an outstanding example of the finer quality made possible by this "one-profit" principle of motor car manufacture.

This automobile is really a fine 5-passenger coupe, but is called a "coach" because it carries the lowest price at which an enclosed car has ever been sold on the famous Studebaker Special Six chassis.

In this Coach fine grades of upholstery are used. You'll find the same quality of workmanship and materials in all hidden places that you see out in the open.

Many of the superiorities of this Coach are invisible—and therefore all the more important. But here are some you can easily see and check against competing cars: gasoline gauge on the dash, 8-day

*By a "one-profit" car we mean a motor car that, in its vital parts, is manufactured by one organization—thus cutting out the extra profits and overheads which arise when vital parts are bought from others. There are only two cars that can be thus classified, because of all the makes of passenger cars built in the United States, only 2 make all their own motors, bodies, clutches, springs, axles, gear sets, differentials, steering gear, gray iron castings and drop forgings. One of these 2 is Studebaker and the other is Ford.

clock, automatic windshield cleaner; rear view mirror, door pockets, rear window curtains, ash receiver, trunk rack, ornamental pull-cord, cowl ventilator, stop light, dome light; tire carrier locked by the same key that locks door, and the splendid coincidental lock to ignition and steering wheel. Lights are operated from a switch on the steering wheel which is left free for this convenience by the elimination of the spark lever. In all Studebakers the spark is automatically controlled

by the speed of the motor.

In its insistence upon comfort, this car is typically Studebaker. There is comfort in the extra heavy cushions—in the big springs—in the full balloon tires for which steering gear, fenders, etc., have been specially designed—in the ease with which passengers may enter or leave the rear of the car—in the extra large windows and windshield.

You can buy all this style, comfort and performance at the price because this is the only "one-profit" coach on the market today.

Buy now—no "yearly models"

You may buy this Coach today—or on any day of the year—with the assurance that there will be no "annual announcement" to make it artificially a "last year's model."

For Studebaker has discontinued the custom of presenting a new line of cars every year. Instead, Studebakers will be kept up to date all of the time.

Therefore you can buy this Coach in safety NOW.

WEST COVINA

Mr. and Mrs. B. S. Barker and son, Ralph, of Glendora avenue, accompanied by Mrs. Ida Shepherd and children of Baldwin Park, and Henry Armel, returned on Monday evening from a two weeks' motor trip to Mammoth lakes.

Mr. and Mrs. C. J. Hurst and two children of Orange avenue and J. N. Hurst motored to Santa Barbara on last Friday to view the quake ruins.

Mr. and Mrs. J. W. Larmer of Sunset avenue spent Sunday in Eagle Rock in the home of Mr. and Mrs. Fred Von der Horst.

Guests over the week-end of Mr. and Mrs. P. P. Wilson of California street were Mrs. R. E. Anderson and two daughters, Mary and Ethel, of Alhambra and Miss Margaret Sheridan of Los Angeles.

James Anderson returned to his home on Puente boulevard after a three weeks' vacation spent in the northern part of the state.

Mrs. C. J. Hurst and daughter, Anna Roll, of Orange avenue spent the latter part of last week in Los Angeles.

Mrs. Fred Pearson of Pasadena spent Wednesday with her mother, Mrs. J. W. Larmer on Sunset avenue.

IRWINDALE.

Mr. and Mrs. C. A. Roberts and Mrs. Clara Ayers of Orange avenue were dinner guests on last Friday evening of Mr. and Mrs. L. T. Bashor in Pomona.

Mrs. T. B. Hurley and small son, Tommy, of Covina spent Wednesday with Mrs. Clara Ayers and Mrs. C. A. Roberts on Orange avenue.

Miss Opal Searey of Orange avenue spent the latter part of last week with her mother and wife, Dr. and Mrs. C. W. Searey, who are spending two weeks at Big Bear lake.

MRS. BROWN AND DAUGHTER
LEAVE ON TRIP TO EAST

Mrs. Stella Brown and daughter, Miss Evelyn, left Saturday night for San Francisco, where they spent the week-end with the former's son, Henry, going on through the Feather river canyon to Omaha to visit relatives. From there they will visit the Niagara Falls, going on to Springfield, Massachusetts. En route home they will stop in Washington, D. C. and other eastern points, stopping at Lake Tahoe for a short time before returning home. They expect to be away six weeks and during their absence Bob Brown will spend the time with his grandmother, Mrs. Price, in South Pasadena.

W. C. T. U. Picnic
Held at Elston Home

Each summer the local W. C. T. U. organizations of Baldwin Park, El Monte and Covina have a joint picnic at the Elston home on South Irwindale avenue. As usual, the pleasant affair was in July and so last week some forty white-ribboners met on the broad lawn and enjoyed a social hour under the trees before the luncheon hour.

At 1:30 the afternoon's program began with community singing and a devotional service which had for its keynote "God's Out-of-Doors." The speaker of the afternoon, Mrs. Lydia Michener, president of the El Monte union, who is county superintendent of "Peace," spoke upon that subject. Starting with the following as her "peace platform," she held the closest attention of her audience for a full half hour:

"AMERICA FIRST"

"Not only in matters material, but in things of the spirit; not merely in science, inventions, motors and skyscrapers, but also in ideals, principles, character; not merely in the calm assertion of rights, but in the glad assumption of duties; not flaunting her strength as a giant, but bending in helpfulness over a sick and wounded world like a good Samaritan; not in splendid isolation, but in courageous cooperation; not in pride, arrogance and disdain of other races and peoples, but in sympathy, love and understanding; not in treading again the old, worn, bloody pathway which ends inevitably in chaos and disaster, but in blazing a new trail along which, please God, other nations will follow into the new Jerusalem where wars shall be no more. Some day, some nation must take that path, unless we are to lapse into barbarism, and that honor I covet for my beloved America. And so, in that spirit and with these hopes, I say, with all my heart, 'America First.'"

Mrs. Michener also told of the very successful Americanization work for the Mexicans at El Monte, in cooperation with the county health and welfare departments. A general symposium upon temperance teaching in Sunday school followed.

Those present from Covina were Mmes. G. W. Mitchell, Ira Morter, Emma F. Edwards, Lavina Warner, Mary Forbes, Swallow and Coman.

This week at the Pacific Palisades chautauqua, Wednesday was W. C. T. U. day, and four of the local white-ribboners went down, remaining overnight in order to attend the very interesting evening program. President Dexter of Whittier was the afternoon speaker.

RELATIVES AND FRIENDS
HONOR HENRY HARNISH

Mr. Henry Harnish, one of Covina's honored citizens, was given a surprise party at the city park last week Thursday, on the occasion of his eighty-second birthday. Eighty-five were present, nearly all of whom were relatives of Mr. and Mrs. Harnish. Mr. Harnish and his wife, who is in her eightieth year, are remarkably active for their years, and will doubtless enjoy many more birthdays in the years to come.

Mr. Harnish was given a postal card shower and presented with a large basket filled with beautiful flowers. Four children and their families were present, Mrs. Walter Dugger of Strathmore, Mr. A. E. Harnish, Mrs. Fred Carpenter and Mrs. Bertha Little of Covina. One daughter, Mrs. Frank Dresbach of South Dakota, spent three months with her parents early in the spring. Among the guests were a large number of grandchildren, other relatives and a few intimate friends, including, besides the children mentioned, the following families: Mr. and Mrs. John Bilheimer and Mrs. Carrie Ogil of Pasadena, Mr. and Mrs. Henry Hein and Mr. and Mrs. Will Bartousch of Glendale, Mrs. Myrtle Martin, Mrs. Alice Lee and Dr. Dekker of Los Angeles, Mr. and Mrs. Michael Overholzer of Strathmore, Mr. and Mrs. Andrew Overholzer and Mr. and Mrs. Lloyd Harnish of La Verne, Mr. and Mrs. Henry Peters of Ontario, Mr. and Mrs. Isaac Eugene, Oregon, Mr. and Mrs. Isaac Overholzer, Mr. and Mrs. William Overholzer, Mr. and Mrs. Lee Saul, Mr. and Mrs. Riley Jones, Mr. and Mrs. O. Runyan, Mr. and Mrs. Paul Custer, Mr. and Mrs. George Jenks, Mr. and Mrs. Jacob Rhorer, the Misses Lizzie and Adda Rhorer, Mr. A. H. Anson, Mrs. George Tuterbaugh and Mr. Jesse Moore.

Mr. and Mrs. Harnish have lived in Covina for the past sixteen years.

BRIDGE CLUB ENTERTAINED
BY MRS. C. A. TEMPLETON

Mrs. C. A. Templeton entertained the Bridge club at her home on Ben Lomond avenue Tuesday afternoon assisted by her daughter, Miss Gertrude. The home was decorated in gladioli. Delightful refreshments of frozen fruit salad and wafers, olives, cookies and coffee were served the guests.

Special guests of the club were Mrs. David Watson of Covina and Mrs. Arthur Powell of Glendora. Members present were Mrs. J. H. Sass of Monterey Park, Mrs. P. J. Cline, Mrs. William Crook, Mrs. Ralph Crook, Mrs. E. G. Prather, Mrs. R. W. Groom, Mrs. F. C. Devendorf, Mrs. W. M. Griswold, Mrs. J. R. Elliott, Mrs. R. M. Douglas, Mrs. M. H. White, and Mrs. W. A. Jones.

Andrew and Irene, children of Mrs. Belle Smith of Italia street, accompanied by their grandmother, Mrs. T. R. Smith, left last Sunday for Long Beach to spend the week.

Mr. and Mrs. Charles Mercke and two sons of Louisville, Kentucky, have been guests this week of Mr. and Mrs. J. D. Fields.

Spanish War Camps
Hold "Get-Together"

Spanish War Veterans, Camp 77, and auxiliary spent a most enjoyable evening last Friday, the 24th, having as guests the Roosevelt camp and the Admiral Glass camp and their auxiliaries of Los Angeles, Colonel Schreiber camp and auxiliary of Pomona, and Bidwell camp and auxiliary of Riverside.

The camp and its guests gathered at the city park early in the evening. Following a swim in the open air plunge, a delectable picnic supper was spread beneath the palm-covered shelters. After lingering over the coffee cups, the company marched to the Oddfellows' hall to the music of the department life and drum corps of Los Angeles, where a fine program was given.

There were speeches by Ann Jemmett, past department president, member of Roosevelt camp, Los Angeles; also by Commander Green of Admiral Glass camp, and Comrade "Bill" Baxter, quartermaster of Roosevelt camp, and Captain Keith of the drum corps. Comrade McClellan, Goo Goo Grand Decimo of Military Order of the Serpent, explained the correct pronunciation of the aforesaid title.

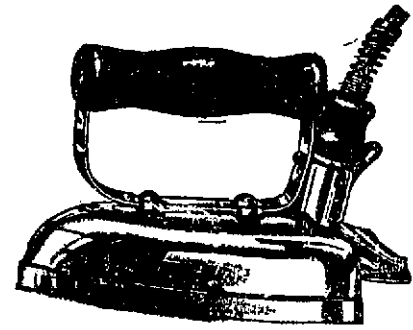

Miss Ailine Hotchkiss, daughter of Mr. E. G. Hotchkiss, commander of Covina camp, rendered a vocal solo, responding to the generous applause with other beautiful selections. Miss Dorothy Hendrix, daughter of Mr. R. L. Hendrix, quartermaster of the Covina camp, captivated her audience with several cornet solos. Both soloists were accompanied by Miss Neta Berry, daughter of Past Commander H. R. Berry.

At the conclusion of the program, dancing was indulged in until a very late hour, the music being furnished by the orchestra which furnishes the music for the Fish canyon Saturday night dances.

Covina Man Injured
in Collapse of Stand

G. O. Glover of West Badillo street and Earl Fraum of Glendora, both members of the Covina Knights of Pythias lodge, went down in the crash when the grandstand collapsed at the midsummer D. O. K. K. ceremonial at Monrovia last Saturday night. Mr. Fraum escaped with a few scratches, but Mr. Glover has been laid up with a badly bruised hip and torn ligaments on his left side. Elmer Atkinson, chief electrician of ceremonies, and Sam Leebick were under the section only three minutes before the collapse. Other members of the Knights of Pythias lodge present were J. M. Whitlock, Harry Westhorpe, Gus Anderson, Ernest Anderson, J. R. Berry, W. S. Sides and William Hamlin and Mr. Gillenwater of Azusa. The degrees will be conferred at the Temple in Los Angeles, on the third Saturday in August.

Why Blankets and Comforts
Need Washing Now

Our ideas about many familiar things develop as we move along. If blankets and comforts were washed once in a twelve-month a century ago, our forefathers thought it was sufficient.

Now we know that these bed-clothes become soiled, even if to the eye they may seem sanitary enough.

If you would have your blankets and comforts as spotless and immaculate as your other bed linen, send them to us. We employ a special method of laundering that

makes them light and fresh, that gives them a wonderful fluffiness.

Our method of drying free blankets and comforts from every impurity—gives to them the feel and look that nature bestows when they are dried in the sunshine on a summer's day.

Send us such of your blankets and comforts as you can spare next time our driver calls for your family washing. Or telephone, and we will have our man stop in when next he visits your neighborhood.

Lions Club Hears

Convention Report

After listening to a report of the national convention by President Reed, the Lions club was entertained at its Monday luncheon by A. C. Fingler of Modesto, brother of Dr. C. F. Fingler, the speaker reviewing the early history of the Lions. "Whereupon, the early nickname of 'Doe-on' was reinstated, notwithstanding an account of the brothers' recent trip to the Mexican border.

Another guest was John Bedford, a member of the Covina Boy Scouts troop, introduced by Lion F. W. Carter, who was chief of police on the Fourth. Young Bedford, a lad of fourteen, following the path of a giant firecracker which had been thrown through a window in the McClellan court, extinguished the blaze, which had already ignited a valuable rug and lace curtains. The lad jumped through the broken window, his only thought being to extinguish the blaze. The Lions wished to reward his act, but as no good Scout will accept a reward for the performance of a duty, the young man is content to pile up points on his record.

T. B. Reed, in reporting the national convention held at Cedar Point, Ohio, mentioned, among other things, the fact that the convention will be held next year in San Francisco. He also spoke of California day at the convention, when fifty crates of oranges and other fruits were distributed, and of the Wild West stunts that always characterize the day.

CHARTER OAK

J. Schiebusch and sister, Miss Anna, of Rivera, were guests on Sunday in the E. B. Dye home on Section Center avenue.

Tuesday afternoon Miss Geneva McHann of Section Center avenue and Miss Wilma Benson of Orange were honored guests at a kitchen shower at the home of Mrs. Cleo Thomas of Pomona, a recent bride, with Miss Beverly Smith, also of Pomona, assisting. Thirty college friends of the girls were present to honor them. After an afternoon spent in sewing on tea towels and holders for the two girls, a unique collapsible market basket containing many useful articles for the kitchen was handed to the honored guests. Guests from Covina included Misses Lucille King, Emogene Arthur, Louise Leonhardt, Marjorie Tra-week, Dorothy McHann and Barbara Slamal, and Misses D. J. Pitzer, Jr., Earl Thomason, W. L. Ferguson, and E. H. McHann.

Mr. and Mrs. J. B. Smith of Valley Center avenue are spending several days this week with the latter's sister at Longue.

Misses Geneva McHann, Louise Leonhardt and Messrs. Stanley Shaver and Wesley Leighton were dinner guests last Friday evening in the home of Mr. and Mrs. Cleo Thomas in Pomona.

Your First View of the 1926 CHANDLER!

See this Car—it will show you New Values

The 1926 Chandler is bound to attract attention the country over.

Such a distinctive and beautiful car has an assured welcome.

Every detail—body lines, appointments, equipment—has been developed to appeal to all who appreciate the smartness that is also artistic.

The feminine demand for luxurious environment is satisfied by this aristocratic beauty and perfection of detail.

The New Chandler is a car for the critical.

Even the radiator, usually only an exposed mechanical utility in American cars, is given an artistic touch suggested by latest foreign practice.

Unrivalled Power and Masterly Performance

This new beauty, dominating though it be, is only the partial expression of 1926 superiority.

Mechanically an already great car has been made still better.

Around the famous Pikes Peak Motor, Chandler engineers have developed an equally famous chassis.

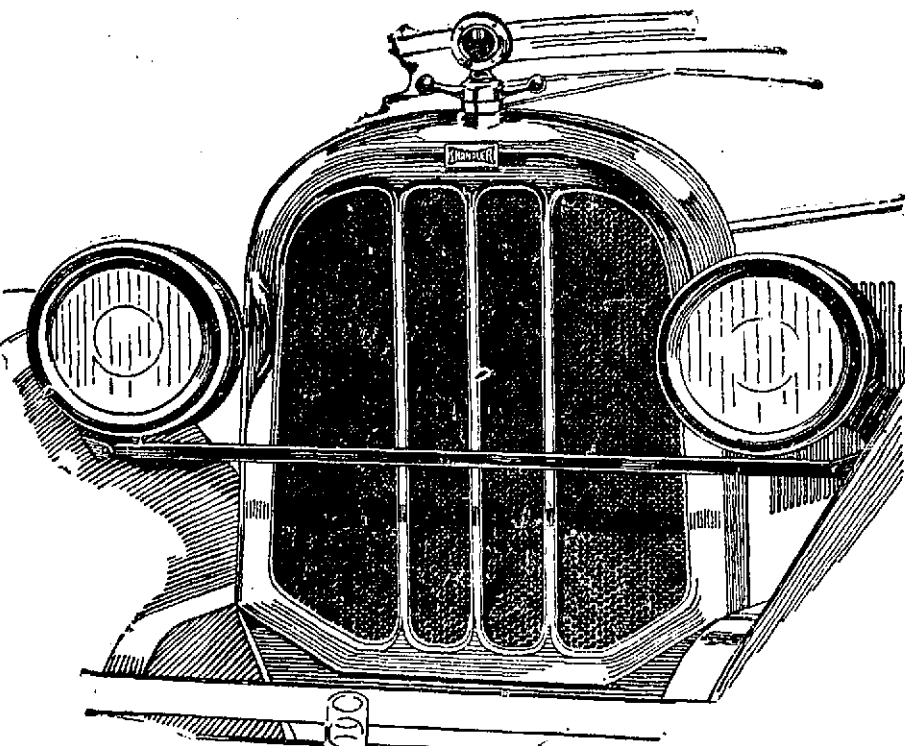

Chandler's recent run of 1000 miles in 689 minutes, (an average of 86.96 miles per hour), established a new world's record for stock cars—a marvelous demonstration of power, speed and stamina.

No stock car, regardless of cost or class, now holds so many performance records.

Every important mechanical unit has been proved by thousands of users the country over,—a Chandler purchaser takes no chance on what his car will do.

It has the mastery of performance that makes a hill a thrill, that takes every advantage in congested traffic, that robs the long tour of its fatigue.

See and drive this greatest of all the great Chandlers before you decide on any car.

New Coach Imperial \$1595

The 1926 Chandler is especially attractive in the low priced coach.

The highly aristocratic Metropolitan Sedan, Chummy Sedan and Comrade Roadster, are, for their types, equally impressive values.

Walnut Field Day At Chino Tomorrow

Arrangements have been completed for a heavy attendance of growers at the annual summer walnut field day to be held at Chino, tomorrow, August 1st, under the auspices of the Southern Counties Farm Bureau. R. D. Adams, Ontario, general chairman, announces that the program will start at the high school at 9:30 a. m. Basket lunches will be eaten in the city park, and the afternoon spent in a tour of San Bernardino county walnut sections.

Speakers at the morning session will be J. J. Deuel, head of the state farm bureau law and utilities department, Charlie Thorpe, general manager of the California Walnut Growers association, Floyd Young, U. S. weather bureau, and Carl Newman of Tustin, superintendent of the San Joaquin Fruit company.

Subjects will cover a wide range of topics. Deuel, recognized leader in farm bureau affairs, and a forceful speaker, will discuss results of farm bureau efforts in the fields of legislation and rate adjustment. Thorpe will analyze world markets in relation to the California walnut production; frost protection by Young, and soil management by Newman, comprising the morning program.

At noon, the new association branding machine and dehydrator models will be on display in the park. The afternoon tour includes stops at which field lectures on the San Bernardino county industry and on thinning of crowded groves will be given by Farm Advisors Wilder and Wahlberg of San Bernardino and Orange counties.

Volck Concentrate, while retaining all the merits of Volck in the original form, cuts the cost per tank almost in half. Ask any Volck representative about it.

Sunday evening Mr. and Mrs. H. H. Haralson gave an informal reception for their son and bride, Mr. and Mrs. Bennett Haralson, at their home on Lark Ellen street. A program of music and readings was given. Miss Nina Thomas of Baldwin Park, celloist, played Schubert's "Ave Maria" and Piere's "Serenade." Miss Francis White sang "Song of Songs" and "La Paloma." Miss Nora Kellar gave a reading, "The Guide to Italy."

Other guests were Mr. and Mrs. J. W. Groover, Mr. and Mrs. O. D. Brouse, Mrs. W. F. Lutyen and daughter, Maxine, Miss Mary McKibben, Mr. and Mrs. S. G. Topf and daughter, Misses Iris and Phoebe Haralson, Mr. and Mrs. C. E. Varney, Madame Phoebe Ara White, and Mr. and Mrs. Homer Hostetter.

Mr. and Mrs. W. T. Haynes were dinner guests Sunday of Mr. and Mrs. Andrew Kouns.

VOLCK

—kills citrus insect pests in all stages of development

The remarkable results achieved by the use of VOLCK are largely the result of the fact that VOLCK not only kills scale and most other citrus insect pests but kills them in all stages of development from the egg to the adult.

Most insect pests pass thru various stages in which they are practically immune to other control methods and spray materials—but there are no stages where they are immune to VOLCK. Every scale that is touched by VOLCK dies.

Because of its exceptional effectiveness one application usually ends the pest problem for the year. Once over your trees and you can give your time to other things.

VOLCK is not only sure, but it's safe. It does not burn or injure either fruit or foliage. No pitting, no scarring, no wind damage. When your trees are sprayed with VOLCK you get clean fancy fruit and the top price.

Edison Company to Connect Shaver Lake

Work on the Shaver lake tunnel and conduit line, which will connect Huntington lake, the great storage reservoir of the Southern California Edison company in the high Sierras, with Shaver lake, will be commenced early this winter, according to an announcement made by George C. Ward, vice-president in charge of construction, this week. Starting of the actual work on the Shaver lake project begins another important era in the Southern California Edison company's Big Creek-Joaquin river project and an expenditure of about thirty-seven million dollars on hydro-electric development during the years intervening between the present and 1930, is contemplated.

This additional power with such new steam generation as is necessary for stand-by will, assuming that the demands of transportation, manufacturing, agriculture and domestic purposes remain as at present, provide for a population of 4,500,000 in the ten counties of Southern and Central California, now electrically served by the Southern California Edison company, as against the present population of approximately 2,500,000.

The completion of the thirteen and a half mile Florence lake tunnel under the Kaiser mountains in the high Sierras of northwestern Fresno county in February, making possible the diversion of the upper waters of the San Joaquin river into Huntington lake, which has been filled and overflowing on its three retaining dams during July and August, brought to a successful finish one of the most extensive and difficult achievements in the undertaking. Now the new activities, which will require an expenditure of something over \$10,000,000 a year hydro-electric generation, will soon be under way. The work previously authorized and now in progress will add \$5,000,000 to the above \$27,000,000 and to the large sum previously spent in this vicinity for the development of hydro-electric power.

The authorization for this program of expenditures includes the diversion of additional waters from Mono and Big Bear creek through the Florence tunnel, the construction of the tunnel from Huntington lake to Shaver lake, and the construction of a dam at Shaver lake which will impound 139,000 acre feet of water and provide an additional generating capacity of 180,000 horsepower. The Shaver lake conduit, which may be commenced as early as November, will tap Huntington lake at the upper end of the second dam and by tunnel and conduit will connect the waters of Huntington lake and Shaver lake. The tunnel proportions will be twelve feet in diameter with a capacity of 1250 second feet. Its route will be from the big intermediate dam across Big Creek with a nine and a half foot steel pipe, with a tunnel at Pitman creek which will also be crossed with a nine and a half foot steel pipe, then by a thirteen foot tunnel through the mountains to Shaver lake--total length about five and a third miles.

The retaining dam at Shaver lake will be below the present lake and will be 250 feet thick at its base, with a height of approximately 190 feet.

With the completion of the Huntington-Shaver lake tunnel the Southern California Edison company will have completed approximately thirty miles of tunnel since it resumed active construction operations following the war. These include the tunnel constructed for diverting the waters of the Kern river for the number three power house on that stream near Kernville, the Musie Mountain tunnel which connects Shaver lake with the San Joaquin river gorge, and the six mile diversion tunnel which carries the water of the San Joaquin river on a level with the dam constructed to impound the waters of the San Joaquin river gorge for the fourth power house.

The work which has just been authorized and will be completed in about four years will give the Southern California Edison company a continuous supply of hydro-electric energy which will be assured from three reservoirs having an aggregate capacity of 288,000 acre feet. In addition to this hydro-electric resource the company now has 240,000 horsepower of steam generating capacity which will probably be increased proportionately as the new hydro-electric horsepower is developed.

The total expenditure of water power construction, reservoirs, power houses, transmission lines to local centers, with the completion of the project which has just been authorized, will bring the investment of the Southern California Edison company in its hydro-program at Big Creek up to \$123,000,000.

In addition to the expenditure of approximately \$42,000,000 during the next several years for water power development, the company will spend large sums for addition to its distribution system in order to take care of the rapidly increasing number of new consumers. All of these expenditures are provided for in the annual budgets which include hydro-electric construction on the San Joaquin-Big Creek project, distribution, and additional steam generation capacity as the necessities may require.

All of these estimates are worked out on carefully charted growth curves of population and business in the thirty-one service distribution districts of the Southern California Edison company which are located in the principal business centers of Los Angeles county and the counties of San Bernardino, Riverside, Orange, Ventura, Santa Barbara, Kern, Tulare, Kings and Fresno, and to a certain extent upon San Diego county where the company disposes of a large quantity of power wholesale.

"We feel absolutely certain that in the course of time an additional population of 2,500,000 will be located in our service territory," said R. H. Ballard, executive vice-president, in commenting on the new program. "If we did not, we would not be building for it. Where it will be located depends entirely upon the degree of human initiative and enterprise displayed by the people of the three hundred communities that we serve."

King of Wild Horses in Film Production

"I'll Show You the Town," starring Reginald Denny, will be shown at the Covina theatre tonight (Friday) and tomorrow. It has four distinct heroines. They are Marian Nixon, Margaret Livingston, Cissy Fitzgerald and Lilyan Tashman.

Hal Roach's new feature starring Rex, the king of wild horses, will be shown Sunday and Monday nights. It is "Black Cyclone," hailed as a sensational novelty film. Mountains and plains, mystery canyons and sunlit valleys--every variety of scenery to be found within a hundred miles of Montpa, Nevada, were used in the feature.

"The Crowded Hour," Bebe Daniels' new Paramount starring picture, coming on Tuesday and Wednesday nights, tells a vital story, tracing the development of Peggy Laurence, a selfish girl in love with another woman's husband, whose character undergoes a transformation. Thursday will be vaudeville night, with four acts of novelty features. On this night will be shown on the screen a Jack Hoxie outdoor thriller, "The Red Riders."

The Ofeles class of the Baptist church gave a swimming party and picnic supper at the city park on Thursday evening in honor of Mrs. Henry Livingston, teacher of the class, who leaves soon for an extended visit in the east. The employees of the H.Hammersley hardware stores of the valley held their annual picnic in the Covina park Monday evening.
